

SEJ PRACTICE WORKSHOP- SEJ FOR BUSINESS

The SEJ Practice Workshops are a key and critical part of learning the SEJ Process, as this is where you get to practice what you have learnt. The SEJ training covers the *theory* of the SEJ in detail, but the real change and benefit comes from your *practice* of the SEJ.

Who is this event for?

Open to everyone who has learnt and is practicing the SEJ Process, and who would like to develop their practice, ask specific questions, or would simply like more support.

Schedule: 7 pm – 8.30 pm every Tuesday

During the SEJ Practice Workshop you will have an opportunity to:

1. Ask questions about the SEJ Process.
2. Obtain any practice corrections.
3. Bring examples of your SEJ Worksheets to work through.
4. Practice key aspects of the process.
